### **Remote Learning Tuesday 5<sup>th</sup> January**

On the first day students are scheduled to return to school work will be uploaded to Google Classroom by your child's teachers for them to access and complete independently.

Students should complete the work for the lessons they would have on that day at the times they would usually have their lessons. In order to access the work students need to go to the class page for the subject they would take at that time and follow the teacher instructions.

Students can access their timetables via the Myed app or on their Google Classroom tutor group homepage.

Classwork will be assigned to students for all lessons on that day and students should select to 'turn in' their work once completed in order to show teaching staff they have attended that lesson.

### **Live lessons from Wednesday 6<sup>th</sup> January**

Live lessons will take place in line with student's normal timetable from Wednesday. In order to access the lessons students need to visit the classroom of the lesson they would have at that time and click the meet link at the top of the page in order to join the lesson.

Registration will take place as the first lesson of the day and tutors will be able to share the daily timetable and give important updates or provide support with any issues.
