Water Bottles in School

Dear Parent / Carer

Please be aware that from Monday 4th October, bottled water will no longer be available from school. Bottled water was introduced at the start of the pandemic, however as guidance changes we are able to move back towards more sustainable water provision for students in school.

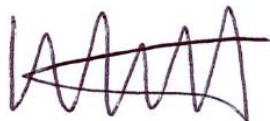

In the short term, we would like to encourage all students to bring in a reusable water bottle from home that they will be able to refill at school from water jugs. Cups will be available if required.

Over the next few weeks, we will be fitting contactless water points for students to use for ongoing coronavirus safety. Again, we encourage students to bring a reusable bottle from home. If a student would like to purchase a reusable water bottle from school, they will be for sale from the Library at £3 each.

We appreciate your support in our journey towards a more sustainable future for all generations of our students to come.

Yours faithfully,

Miss W Luke

Head of Phase
