

Parent Voice: SPR1

Foci: Homework

Parent Voice Comments	Academy Action
Covid – 19 has massively impacted parents' evenings.	In September, all Year 7 parent and carers had a 'settling in' call home. Parents Evening hosted via telephone with all tutors for Year 7. Parents Evening Dates scheduled in to the year and shared with parents: Year 8 – 28 th June Year 9 – 7 th July Year 9 – 9 th February (Options Night) Year 10 – 12 th May
The new behaviour system and merits are hugely helping my child to achieve.	Class charts continued to be pushed with students and parents. Each child to be given their Class chart logins each half term. Rewards station to be set up each week. Praise postcards to be made available to further promote learning. Subject specific rewards put in place and to be rewarded throughout the year.
Finding out what homework my child has can be confusing.	All parents have access to Class Charts App, as do students. Parents using class charts app is the final phase of the new system. During parent's evenings in Year 8 and 9, parents will be given class chart logins and told how to download the app.
My child struggles with homework and does not know what to do.	Homework club is held in the canteen Monday-Thursday and teachers are available to support during this time. Students can also speak to their subject teachers about any homework concerns.
My child is stressed about the Year 11 exams.	Miss Scholes has an exam stress support session available for students to attend each day. Miss Scholes and Miss Bentley (Wellbeing) are also based on the middle floor should students want to speak to them at any time. To support revision, extra sessions have been put on after school. This has been disseminated to students.
