Homework Policy

Rationale

Homework is work that is set to be completed outside the timetabled curriculum. It contains an element of independent study in that it is not usually directly supervised by a teacher. All staff at The Boulevard Academy are determined that every student succeeds and this policy aims to assist with this endeavour.

Homework is important in raising student achievement. Not all homework is done at home; in fact, for some pupils who find it hard to work at home, or for some tasks that may require resources (books, software) more readily available at school, it is necessary or desirable to carry out the task at school. Areas within the school will therefore be designated for the completion of homework during an after school provision.

If students do not have the technology required for a particular task, it is their responsibility to attend clubs, to enable them to access the homework, and meet deadlines. .

Aims

Homework enables pupils to:

- Consolidate and extend work covered in class or prepare for new learning activities
- Access resources not available in the classroom
- Develop research skills
- Have an opportunity for independent work
- Show progress and understanding
- Provide feedback in the evaluation of teaching
- To enhance their study skills e.g. Time management and self-discipline
- Engage parental cooperation and support
- Create channels for homeschool dialogue

How will homework be set?

Homework will be set through the homework application for Class Charts.

Class Charts offers a simple homework calendar that the school will be using to ensure homework is set and communicated with parents across the school. Teachers can use it to set homework quickly and ensure the learners and parents always have the information they need about homework available via the Web, Mobile and Tablet devices. This system replaces the traditional homework planner, and ensures that teachers, parents and students all know what has been set and when it is due.

How can homework be accessed?

A personalised homework calendar is available for all users including students and parents. Once you login, students can only see their own homework calendar.

Expectations: How much and by whom?

The following timetable has been provided as guidance for the amount of time and frequency that homework is set but it is important to remember that it is quality of the work completed rather than the quantity.

Reading is expected to be completed at home as part of the homework policy and to assist in this we will provide articles and opportunities to read relevant and interesting texts.

How will homework be marked?

The Boulevard Academy is focused on reducing teacher workload and as such will not require detailed diagnostic marking of every piece of homework.

- Homework will either be given a grade from 1-4 (1 = Outstanding 2 = Good 3 = Satisfactory 4 = Inadequate), a percentage or a written comment.
- Where appropriate, homework can form part of the self-assessed and peer-assessed work that is required by the Feedback Policy.
- Where appropriate, homework can form part of the diagnostic marking that is required by the Feedback Policy.
- Every possibility should be taken to provide homework that can be automatically graded through a VLE programme.

Frequently asked questions:

What if a student is off school the day that the homework is set?

All homework is set online, therefore students who were absent when the homework was set, are still required to complete the homework. If a student is off for more than three or more days in one week, then they need to speak with the subject teacher to arrange a deadline extension if they require it.

What if a student does not have a laptop?

The Boulevard Academy intends to support any student who does not have necessary ICT equipment at home. If a household does not have ICT equipment, then students must ensure that they attend the after school sessions to borrow the academy ICT equipment in the homework clubs available. This must be completed prior to the deadline issued by staff.

Paper resources can be provided in exceptional circumstances- please discuss this with your form tutor in the first instance.
